Rolls Royce Armoured Car (RR AC original chassis with replica armoured body)
 "AAR1 Danny Boy / Tom Keogh" – Private collection (UK)

This is one of the 13 Rolls Royce armoured cars given to the Irish Free State government by the British government to fight the Irish Republican Army in the Irish Civil War (1922-1923) (Wikipedia). It was bought in an auction without its armoured body (to decommission the vehicle), so the body was completely reproduced with aluminium, instead of armour plate

Rolls Royce Armoured Car (1920 pattern) "AAR2 Sliabh na mBan" Irish Defences Forces Training Centre, Curragh Camp, The Curragh (Ireland)

This vehicle is the ARR-2 "Sliabh na mBan", which is generally accepted to be the car that was accompanying IRA Leader Michael Collins on the day he was killed. This is one of only two still running today, and is regularly aired during parades and open days, often driving under its own power (Wikipedia)

I'm looking for photos of those armoured cars :

Any vehicle that I forgot...

This document is a compilation of photos published on the web. I would like to thank especially **Rafał Białecki**, who deserved the most part of the job on this document, and also the people who took these photos and put them on their websites, or sent them to me, and those who helped me doing these lists (particularly people of the AFV News Discussion Board). For any question, you can email me at soldat_ryan@hotmail.com
