I'm looking for photos of those tanks :

any T-44 tank that I forgot....

This document is a compilation of photos published on the web. I would like to thank especially **Rafał Białęcki**, who deserved a great part of the job on this document, and also the people who took these photos and put them on their websites, or sent them to me, and those who helped me doing these lists (particularly people of the AFV News Discussion Board). For any question, you can email me at soldat_ryan@hotmail.com
